EXPO
MONGOLIA

INTERNATIONAL MINING & MULTI SECTOR
TRADE FAIR AND CONFERENCE

EXPO MONGOLIA 2022 AFTER SHOW REPORT

Short overview

With the support of governmental institutions, organizations, and international associations such as the Government of Mongolia, the German Federal Ministry of Economy Affairs and Climate Action (BMWK), the Ministry of Industry and Trade in the Czech Republic (CMIT), Mechanical Engineering Industry Association (VDMA), Czech Extraction and Mining Technology (CDTE), the 8th International Mining & Multi Sector Trade Fair and Conference Expo Mongolia 2022, gathered 45 exhibitors from 7 countries at the Misheel Expo Center, Ulaanbaatar, from October 12 to 14, 2022.

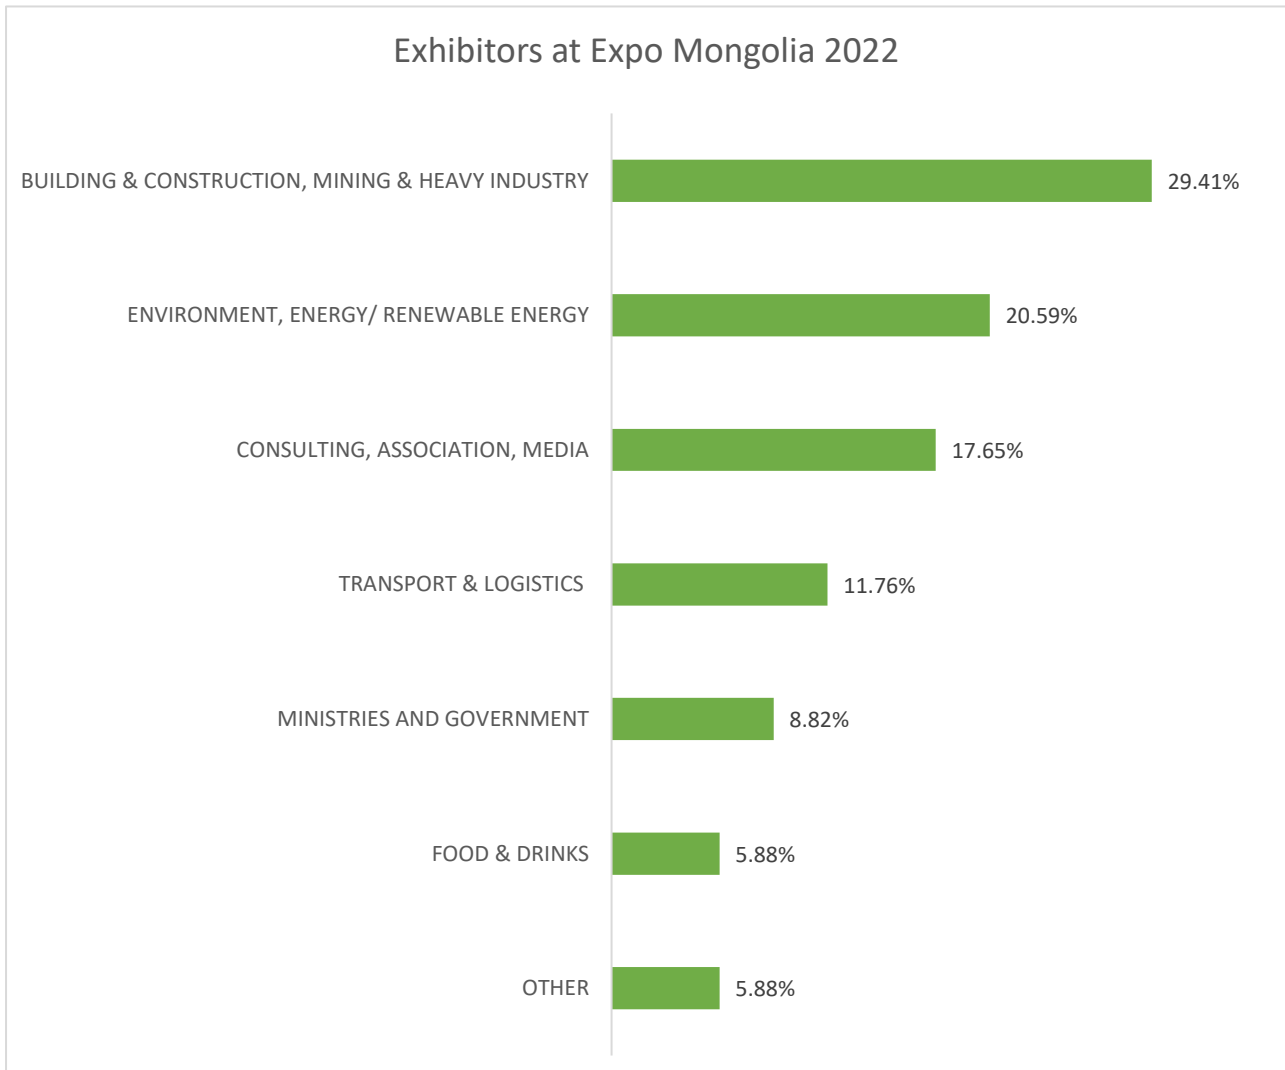

Expo Mongolia 2022 was inaugurated by D.Irmuun, Adviser to the Prime Minister of Mongolia, M.Oyunchimeg, Member of the Mongolian Parliament, Chairman of the Mongolia-German Parliamentary Group at the Mongolian Parliament, Jörn Rosenberg, the Ambassador from Germany, and Jan Vytopil, the Ambassador of the Czech Republic.

As one of the only multi-sector trade fairs in Mongolia, Expo Mongolia 2022 put a wide array of innovative products from various economic sectors on display. Two international pavilions took part in this lively event, thus exploring the lucrative potential of Mongolia.

Expo Mongolia 2022 attracted new countries and business profiles, adding further variety to the event. Visitors gathered from various countries, driven by the opportunities to seal prosperous business deals, and gain access to and knowledge of innovative products.

Exhibitors

Enterprises and chambers of commerce from Germany, the Czech Republic, Austria, Italy, Norway, South Korea, and Mongolia, specialized in the industries of construction, mining, heavy industry, energy, infrastructure, logistics, railway transport, food, agriculture, water treatment, information and communication technology, environment, ecology, and health, have participated in the International Multi Sector& Mining Trade Fair and Conference "Expo Mongolia 2022"

Visitors

We've had visitors from over number of different countries such as Germany, the Czech Republic, Italy, Norway, Austria, Russia, Poland and Mongolia.

Many of the visitors and spectators were professionals, small and wide range business holders.

Our exhibitors were delighted to meet with the Expo Mongolia 2022 attendees and their co investors.

Several exhibiting companies were able to establish at least 10 contacts and investors from these 3 days of experience at the Expo Mongolia 2022

“Expo Mongolia 2022” was able to attract a large number of specialists from the sectors of Mining, Construction, and other related industries.

The business and investment environment in Mongolia would be greatly enhanced, through the contribution of professionals from a variety of sectors. “Expo Mongolia 2022” was a suiting platform for this contribution.

Participants

- Construction, Education
- Energy/Renewable Energy
- Food/Beverages & Technology
- Heating & Ventilation systems
- Insurance
- Mining
- Pumps & Valves
- Consulting & association
- Transport and Logistics

- Sorting & Recycling

Conference overview

From 12 to 14th of October, 2022 16 specialists successfully presented their speeches on a variety of topics based on the general topic of “Expo Mongolia 2022” - Favourable Investment and Economic Environment.

The first day of the conference mainly focused on economic policies and current developmental projects in Mongolia, such as construction industry, new recovery policy, green technology and etc.

On the second day of the conference, exhibitors at our expo presented more broad details about the products and services that they offered.

Finally, at the last of the conference, representatives from governmental agencies and business associations provided the attendees at the conference with information about the policies and activities of their respective institutions.

Not only do the presenters were able to... interesting topics but also, they had a fruitful discussion with the audience.

- **German Society for Trenchless Technology**

Testimonials

OYUNCHIMEG M.

Member of State Great Hural, Chairman of the Mongolia-German Parliamentary Group at State Great Hural

Expo Mongolia has played a major role in nationalizing the euro standard in Mongolia, exporting products with added value, and developing mutually beneficial business partnerships. In this era where cooperation with foreign investors is vital for the economy, international trade fairs like “Expo Mongolia 2022” are of great importance.

Jan Vytopil

Ambassador Extraordinary and Plenipotentiary of the Czech Republic to Mongolia

The Czech Republic had one of the largest participants this year. Among nations’ that participated at the “Expo Mongolia 2022” we were one of the strongest. We are inviting you to do business with the Czech companies in the future.

JORN ROSENBERG

Ambassador Extraordinary and Plenipotentiary of the Federal Republic of Germany to Mongolia

After two years of the COVID-19 break, Expo Mongolia is open again. We had about 14 German companies at the “Expo Mongolia” and it’s quite a high number. At “Expo Mongolia 2022” you find many companies which we call hidden champions. They are not as well known as companies such as Mercedes, BMW, or Porsche, but the quality they produce and what they offer is the same.

HUBERT BRENDT
WOLF GmbH

Thanks to all these different developments and business opportunities in enhancing the infrastructure in Mongolia, we have decided to participate in “Expo Mongolia”. “Expo Mongolia 2022” provided us with the opportunity to present our products and know-how to the technical community and investment companies. We had very interesting and fruitful discussions with Mongolian companies at the Expo Mongolia. We very much hope that within the next months or weeks we can exchange knowledge and start cooperation with those companies.

ENKHBAYAR J
Home Consulting Service LLC, KLARO GmbH.

We are happy to exhibit at “Expo Mongolia 2022”, after 2 years of break caused by the global pandemic. With the help of exhibitions like “Expo Mongolia 2022” we are not only able to present our products and services but also we are provided with the opportunities to inform Mongolian visitors about the main concepts of the respective industry.

ALEXANDER FREIHERR
KRONES GmbH

This is the third time for us participating at the Expo Mongolia. I appreciate that after the pandemic the first time in three years we can exhibit at the “Expo Mongolia 2022”. The Exhibition was well-organized thanks to the management. The three days during the exhibition were very busy for us. We were able to witness Mongolia’s current development.

DALI KALBOUSSI
VOSSLOH GmbH.

Expo Mongolia 2022 was a very enchanting experience for us. A high number of co-investors and customers met with us at the exhibition, which was a surprise for us. From Vossloh GmbH, we encourage other German and International companies to attend this exhibition. We would like to express our gratitude to the organizing team for managing this event. Thanks to the very compassionate attendees, the trade fair went smoothly for us.
